

# DO YOU HAVE A FREQUENT NEED TO URINATE DAY AND NIGHT?

YOU MAY HAVE AN ENLARGED PROSTATE

## JOIN US FOR A VIRTUAL MEN'S HEALTH SEMINAR

Learn more about treatment options, including the **UroLift® System**, that may help relieve your symptoms so you can quickly return to normal activities<sup>1,2</sup>

Register here: [www.UroLift.com/seminar](http://www.UroLift.com/seminar)

WEDNESDAY, JUNE 17<sup>TH</sup>

**Presentations:**

8:30 am PST / 11:30 am EST

4:30 am PST / 7:30 pm EST

Most common side effects are temporary and can include discomfort when urinating, urgency, inability to control the urge, pelvic pain, and some blood in the urine. Rare side effects, including bleeding and infection, may lead to a serious outcome and may require intervention.
